AFFIDEX ACADEMY LTD | EXTERNAL SPONSORSHIP & PARTNERSHIP PROSPECTUS

TechForge

PEOPLE • PARTNERSHIPS • POSSIBILITY

TECHFORGE 2027

BUILD WHAT'S NEXT.

Technology • Talent • Industry • Innovation

28–29 January 2027 | **Uyo, Nigeria**

An initiative of Affidex Academy Ltd

TECHFORGE 2027

Two days of technology. A pathway to long-term impact.

TECHFORGE 2027 convenes industry, builders and institutions through practical experiences — an open door to sustained talent development.

01

CONVENE

Bring industry leaders, ambitious builders and institutions into the same room.

02

PROVE

Let sponsors witness technical capability through live demos and challenge formats.

03

COMMIT

Convert interest into structured conversations about supporting the next talent cohort.

EVENT: 28–29 JANUARY 2027 | TRAINING PATHWAY: MARCH–MAY 2027 | UYO • SOUTH-SOUTH NIGERIA

More than a conference. A live technology experience.

A curated mix of high-value conversations, technical showcases and purposeful connections.

01 THE FORGE ARENA

Sponsor-framed live technology problems and mini-demonstrations.

02 BUILDER LABS

Small-group practical clinics on real developer tools and systems.

03 TECH LEADERSHIP FORUM

Serious conversations with CTOs, founders and product leaders.

04 INNOVATION EXPO

Working prototypes, projects and interactive installations.

05 INDUSTRY MATCHROOM

Curated meetings between companies, innovators and institutions.

06 TALENT INVESTMENT FORUM

Launch the next-stage advanced training partnership conversation.

INTERACTIVE BY DESIGN / INDUSTRY-RELEVANT BY CONTENT / OUTCOME-FOCUSED BY PURPOSE

Eight pillars. One future-facing technology experience.

TECHFORGE content aligns with the eight proposed AKWAFORGE 1000 training pathways.

01

SOFTWARE & FINTECH APIS

Build and integrate products

02

APPLIED AI & ML

Turn models into useful tools

03

CYBERSECURITY & FRAUD

Secure users, systems and payments

04

CLOUD & DEVOPS

Deploy systems that scale

05

DATA ENGINEERING

Transform data into decisions

06

MOBILE ENGINEERING

Design mobile-first experiences

07

PAYMENTS & SOFTWARE QA

Make transactions reliable

08

IOT & AUTOMATION

Bridge software and physical systems

EACH PILLAR → an applied demonstration + a sponsor-relevant session + a potential training pathway.

DAY 01: THE SYSTEMS BUILDING AFRICA

Payments, artificial intelligence, cybersecurity and cloud infrastructure — with live technical experiences.

TIME	EXPERIENCE	SPACE
09:00–09:45	Arrival / demo walk / registration	SHOWROOM
09:45–10:30	Opening: Build What's Next	MAIN STAGE
10:30–11:15	Keynote: Africa's next digital infrastructure	MAIN STAGE
11:15–12:00	Fireside: The engineering behind resilient fintech	PAYMENTS
12:00–12:45	Live engineering teardown: APIs, scale & trust	FINTECH LAB
12:45–13:45	Lunch / Innovation Expo / partner demos	EXPO
13:45–14:35	Parallel clinics: Secure systems / AI in production	BUILDER LABS
14:45–15:35	Leadership forum: Talent that ships products	MAIN STAGE
15:45–16:50	The Forge Challenge: Part I • problem reveal	FORGE ARENA
16:50–17:30	Industry connections + curated partner meetings	MATCHROOM

PROGRAMME OUTLINE / Final speakers, placements and activations will be confirmed in the published agenda.

DAY 02: BUILDERS, MARKETS & NEXT STEPS

From technical capability to real opportunities, investment conversations and the next training cohort.

TIME	EXPERIENCE	SPACE
09:00–09:45	Morning build labs / expo demonstrations	BUILDER LABS
09:45–10:25	Keynote: The future of African product engineering	MAIN STAGE
10:25–11:10	Future of work: Hiring engineers who can deliver	TALENT
11:10–12:00	Live clinic: Mobile + data + cloud product sprint	BUILDER LABS
12:00–12:45	Hardware intelligence: IoT & automation showcase	DEMO STAGE
12:45–13:45	Lunch / sponsor activations / networking	EXPO
13:45–14:45	The Forge Challenge: Final demos + judging	FORGE ARENA
14:45–15:30	Innovation Showcase: Top teams pitch solutions	SHOWCASE
15:30–16:25	Talent Investment Forum: The 12-week accelerator	PARTNER FORUM
16:25–17:00	Commitment conversations / next steps / close	MAIN STAGE

PROGRAMME OUTLINE / Final speakers, placements and activations will be confirmed in the published agenda.

Choose a stage. Shape a meaningful experience.

Every experience is open to relevant organisations; no session is assigned to a prospective sponsor.

PAYMENTS & APIS

API reliability, transaction flows and responsible integrations

DIGITAL TRUST

Fraud resilience and secure customer experiences

BUSINESS SYSTEMS

Merchant tools, data-driven operations and product design

DEVELOPER INNOVATION

Prototyping, developer tools and hands-on product labs

AI & CLOUD SYSTEMS

Applied intelligence, deployment and scalable platforms

MOBILE & ACCESS

Mobile-first products, inclusive design and connectivity

TALENT & ENTERPRISE

Mentorship, project assessment and venture pathways

INTELLIGENT HARDWARE

IoT prototypes, embedded systems and automation

All activation terms, technical participation and branding are subject to agreement.

Immersive moments designed for industry and talent.

High-energy, applied challenges offer technical depth without sacrificing accessibility.

01 THE FRAUD LAB

CYBER + PAYMENTS

A live, simulated fraud-detection and risk-design exercise with responsible guardrails.

02 THE SYSTEMS STRESS TEST

CLOUD + QA

Builders test a fictional digital payment platform under load and recover from failures.

03 THE AI BUILD BENCH

AI + DATA

Teams turn a local challenge into a working AI-assisted workflow and explain its limitations.

04 THE MAKERS' FLOOR

IOT + HARDWARE

IoT, connected devices and automation prototypes demonstrated in front of industry experts.

A room designed for decision-makers and builders.

An intentionally selected mix of emerging talent, industry leaders, institutions and innovation communities.

01 DEVELOPERS & STUDENTS

Early-career builders working across eight technical domains.

02 TECHNOLOGY LEADERS

CTOs, engineering directors, platform teams, product leaders.

03 BRANDS & FINTECHS

Sponsors exploring visibility, innovation and technical talent.

04 INSTITUTIONS & HUBS

Academia, government innovation agencies and ecosystem partners.

Attendance will be measured and reported using verified registrations and on-site participation.

Experience that informs our delivery.

Affidex leadership brings hands-on experience in university developer communities and technology event organisation.

PROVEN COMMUNITY ENGAGEMENT

TECH IGNITE '24

GDG on Campus • University of Uyo

Photographs from the 2024 technology conference document live talks, technical demonstrations and community participation.

Edidiong Samuel / Managing Director, Affidex Academy Ltd

Historical event: organised by GDG on Campus, not Affidex. Photos retain original event and photography marks.

Visibility is the beginning. Participation creates value.

A sponsor experience that brings your brand into relevant conversations with the people building tomorrow.

01 REACH

Visible association with emerging tech talent and industry dialogue.

02 ENGAGE

Speaking, workshops, demos or technical challenges as agreed.

03 CONNECT

Curated conversations with potential recruits, collaborators and institutions.

04 DEMONSTRATE

Showcase relevant tools, infrastructure, APIs and social impact.

05 MEASURE

Post-event outcomes including verified reach and activation delivery.

06 CONTINUE

A first opportunity to explore 12-week talent acceleration support.

All entitlements and activation details are agreed through a specific partnership schedule.

A partnership level for every ambition.

Choose a sponsorship package or co-design a more tailored engagement. All amounts are in Nigerian Naira.

HEADLINE

₦12M | 1 available

- Presenting partner designation
- Flagship activation opportunity
- Premium logo placement
- Stage visibility and speaking opportunity
- 12 delegate passes

INDUSTRY PILLAR

₦8M | 2 available

- Branded pillar association
- Sponsor a major experience or lab
- Breakout or demo session
- Strong event visibility
- 8 delegate passes

INNOVATION

₦5M | 3 available

- Activation booth
- Workshop or panel participation
- Session support
- Recognition across event materials
- 5 delegate passes

ECOSYSTEM

₦3M | 4 available

- Expo or community showcase
- Recognition across event materials
- 2 delegate passes
- Basic visibility and acknowledgements

Tailored activations, technical participation and post-event engagement can also be structured separately.

The stage is open. The experience is yours to shape.

Sponsors can co-design suitable activations around the event's eight technical pillars.

01	LIVE INTEGRATION LAB	Developer sandboxes, API experiences and real-world workflow demonstrations.
02	THE RESILIENCE TRIAL	Secure-system exercises, reliability testing and responsible design scenarios.
03	THE INTELLIGENCE STUDIO	Applied AI, data products, cloud infrastructure and practical developer clinics.
04	MAKERS & MENTORS	Prototype displays, technical mentoring, judging and ecosystem connections.

Final scope, delivery requirements and branding rights are settled under each sponsor agreement.

What happens after the event matters most.

A documented pathway keeps suitable partnerships moving beyond the conference experience.

72 HOURS

1

THANK & CONNECT

Thank-you notes, introductions and agreed follow-up meetings.

7 DAYS

2

DOCUMENT & REPORT

Sponsor fulfilment report, verified attendance and content highlights.

14 DAYS

3

EXPLORE TRAINING

Track-specific discussions: talent needs, scope, sponsored seats and support.

30 DAYS

4

FORMALISE

Where mutual interest exists: proposed MoUs, budgets and delivery milestones.

EVENT SPONSORSHIP COVERS TWO DAYS. Any AKWAFORGE 1000 support is discussed and agreed separately.

TECHFORGE ignites connections. AKWAFORGE scales impact.

AKWAFORGE 1000 is a proposed March–May 2027 accelerator — a distinct next-stage opportunity.

1,000

PROPOSED TRAINEE TARGET

8 specialised pathways

12 weeks of practical learning

TRACK SUPPORT

Underwrite a practical skills pathway or a defined cohort.

TECHNICAL SUPPORT

Provide mentors, software, cloud credits, tools and project reviews.

TALENT ACCESS

Opt-in portfolio reviews and technical engagement with graduates.

Future training sponsorships, budgets and delivery responsibilities require separate partner agreements.

From a remarkable conference to enduring impact.

A phased pathway for event partnerships, talent preparation and the proposed training accelerator.

NOV '26	DEC '26	JAN '27	FEB '27	MAR–MAY '27
1	2	3	4	5
Programme design + sponsor prospecting	Secure anchor funding + venues + approvals	Launch campaign + build challenges + TECHFORGE	Sponsor debriefs + training partnerships + screening	Proposed AKWAFORGE 1000 training delivery

The calendar will be coordinated with confirmed sponsors, venue arrangements and delivery partners.

Be part of what Africa builds next.

Choose a sponsorship package, propose an activation or explore strategic technical participation.

LET'S CREATE YOUR TECHFORGE 2027 MOMENT.

A strong partner experience begins with a practical conversation.

01 Select a sponsorship tier or tailor an engagement

02 Choose a technical pillar aligned to your organisation

03 Agree the activation, delivery and reporting plan

04 Explore subsequent talent-acceleration support

AFFIDEX ACADEMY LTD / EXTERNAL PARTNERSHIP INVITATION

TECHFORGE 2027
